

REMARKS

Applicants appreciate the Examiner's issuance of the Notice of Allowability.

The above amendment corrects an inconsistency between the drawings and the Brief Description of the Drawings. Specifically, in the Brief Description of the Drawings a description corresponding to Figure 7 has been added. In addition, the description of Figure 7 at page 12 has been amended.

The present amendments are believed to be needed for proper disclosure of the invention, and require no substantial amount of additional work on the part of the Office.

For the forgoing reasons, the application is believed to be in condition for issuance. Early and favorable consideration is respectfully requested.
